Dear Sir:

RESPONSE

In response to the Office Action mailed August 30, 2004, Applicant requests reconsideration of the above-referenced application in light of this response and amendment as stated in the following paragraphs.

The Examiner has rejected the claims for informalities that have been corrected in the amendment below.

The Examiner has rejected Claims 1 and 2 under 35 U.S.C. 103(a) as being unpatentable over United States Patent No. 6,292,657 issued to Laursen in view of United States Patent No. 5,706,427 issued to Tabuki. The Examiner states that Laursen discloses the two-way wireless device system between a subscriber and an on-line service pointing out particular elements of the claims as disclosed in Laursen. The Examiner goes on to state that, even though Laursen does not explicitly disclose the database capable of comparing the user information sent from the server to the authorized user information stored in the database to authenticate users, Tabuki discloses
